

## "Let Men Govern" Says Duchess of Westminster

LONDON, Eng., Nov. 1.—"I am old-fashioned enough to hold the opinion that the government of this or any other country should be left to the men," said the duchess of Westminster, with an emphasis that may come as a shock both in America and in England, where the right of women to help govern has been so widely recognized.

## SURPASSED HIS EXPECTATIONS

Port Tampa man says Tanlac has put him in the very pink of condition.

"I am satisfied Tanlac is a great medicine for I have given it a fair trial and it has proved in my case that it can be used as a tonic," declared Robert Green, of Port Tampa, Fla. "For ten months before I got hold of Tanlac I had been in an awful rundown condition. My nerves were all out of order and several times I had severe attacks of indigestion, and my liver was sluggish. I was simply all in and just felt that I didn't have any energy left."

"One of my friends recommended Tanlac to me about a month ago, and I have done everything I expected, and even more, and today I call myself in the very pink of condition. I want to be eating all the time now, and everything my appetite calls for digests properly without any bad effects at all. My nerves are good and strong and I sleep sound all night long. My strength and energy have come back and I can put in full time at work now. Tanlac has put me in the shape and I believe it will do the same for any man that gives it a fair trial."

Tanlac is sold in El Paso by Cordell Drug Co., in Ft. Hancock, by the Cook General Store, and in Fabens by Phoenix Drug Co.—Ad.

## How to Keep the Face Young and Attractive

The way to ward off old age is not to fear it, but to show that you are not. The only legitimate prevention and avoid trying experiments with preparations that have not stood the test of time. An anti-radiant and very effective way to keep the complexion young-looking and beautiful is to apply ordinary household soap to the face, using it like cold cream, washing it off in the morning and evening. This treatment will keep the skin healthy, clear, and free from the wrinkles, pimples, and blotches that are so common to the face of the aged. It is a simple, natural, and effective way to keep the face young and attractive.

## A Sure Way to End Dandruff

There is one sure way that has been called the "dandruff" cure. It is to use a good hair oil. To do this, just get about four ounces of a good hair oil. Rub it into the scalp and hair. It will stop the itching and the dandruff. It will also make the hair grow and keep it from falling out. It is a simple, natural, and effective way to end dandruff.

## HOROSCOPE

TUESDAY, NOVEMBER 2, 1926.

THIS should be a most favorable day for public matters, according to astrology, for the sun is in a place forecasting good fortune to persons seeking power. Mercury gives great promise to writers and newspaper men.

According to the stars it is difficult to forecast the result of the election, except that many surprises will take place and better conditions may be expected for the country at large.

Mercury, the planet that is supposed to guide journalists, is in a position that promises success. In this case, however, it is impossible to forecast which of the presidential candidates is favored by the stars.

The prophecy that a younger man will dwell in the white house is made by an astrologer, who foresees that the league of nations will have an astonishing effect on the vote.

This should be a lucky day for business affairs of every sort. It is a promising rule under which to ask favor or to seek support.

All the signs of this day appear to eliminate the power of women, whether it be in public or domestic affairs.

The Moon in Cancer gives a more friendly attitude to enemies, but it also seems to forebode serious clashes among men and women.

The race problem will be much in the public consciousness at this time and may reach a serious point.

The stars appear to forecast a period of facing about and general reorganization. This applies to individuals as well as groups.

A season of great social activity is foretold, and the national capital will be more than ever concerned with pleasure and amusement.

New York is to undergo many changes in the coming months. It is prophesied, and will profit greatly.

Education is well directed at this time, and there is to be a great interest in art and letters, as well as in practical training for business life.

Persons of whose horoscopes it will have a fairly satisfactory year, if they do not speculate.

Children born on this day will be clever and gifted in many ways. They should have the success in life. Girls have the forecast of good fortune in marriage. Scorpio is the sign, and the principal ruling sign Mars.

## 14 Years Ago Today

From The Herald of This Date, 1900.

Frank Watts, of Douglas, has let the contract for the erection of a brick block to be known as the Masonic block, the Masons having taken a lease on the entire upper story.

Dr. A. E. Bolster, Baptist city missionary for El Paso, closed his work in the city, and is leaving for his new assignment for Indianapolis, Ind., where he goes as pastor of the Dwight Baptist church of that city.

Phil Bargman is erecting a cement store and a building for the active work of the Bargman family, located on South El Paso street.

T. X. Robertson, of Silver City, the owner of a mine in Gold Gulch, Ariz., is in the city.

There was review and inspection in full dress uniform at Fort Bliss, Col. Hoyt reviewing and Maj. Partelle commanding.

Maj. J. M. Hise, of Parsons, Kan., is the city purchasing supplies for his mine, the American Eagle. He was formerly in the contracting service of the government.

Alfred Grimshaw, traveling freight agent of the Santa Fe railway, is in the city with his bride. He is the son of S. P. Grimshaw, general manager of the road, and was married yesterday, arriving this morning with a bride.

## Training The Hair - By EDNA KENT FORBES

NOT very many women know that even the most unruly hair can be trained to look better with a little care and a great deal of persistence. In some cases it may take years before success is reached, but any woman will agree that it is worth the effort.

If you have the sort of hair that sticks out from the head so that it will not form a soft line when you brush it back, you must train it to lie flat by brushing it every night with a brush of soft hair.

If you have any old rope or chin tie, use these because they are right length, and as they are used on the head they will train the hair. After the hair has been shampooed, it is soft and much easier to train. So for a few nights after the shampoo you keep it bound properly it will probably do up as easily as you wish.

Many women desire a slight wave in their hair, and a slight wave in their hair is a good thing. It is possible to train a soft wave into even the straightest hair if you have the patience to bind the hair properly every night. To produce this wave, brush the hair back from the face in a loose pompadour and hold it in place with a comb. Then bind a piece of ribbon around the head about two inches behind the ears, and pull the hair out softly between the two ribbons. If you wish a more elaborate wave, bind a third piece of ribbon around the head about two inches behind the ears, and pull the hair out softly between the two ribbons. This will be particularly effective if the hair has just been shampooed.

E. O. Two or three months should show some results from your fastidious treatment. You may hasten it by taking a tablespoonful of malt three times each day with the meals.

M. M. T. Soak the hair in vinegar. This will loosen the scales which have been glued to the shaft of the hair. Comb out with a fine-toothed comb kept wet with the vinegar. This removes all of the scales from the hair, and the hair will be soft and pliable.

Soaking the hair in vinegar and allowing it to remain on the head overnight is the best way to do it. And there should be a great interest in art and letters, as well as in practical training for business life.

Persons of whose horoscopes it will have a fairly satisfactory year, if they do not speculate.

Children born on this day will be clever and gifted in many ways. They should have the success in life. Girls have the forecast of good fortune in marriage. Scorpio is the sign, and the principal ruling sign Mars.

## Reflections Of A Bachelor Girl

By HELEN ROWLAND.

IN THE School of Experience, most of us seem to be doing brilliantly, until we discover that we have flunked the exam.

The honeymoon is not positively over, until the first time a man tries to squeeze himself with his wife by offering her a check instead of a kiss—and succeeds.

If spirits COULD come back, after a thousand years, a woman's first question would be, "What are they wearing now?" a man's "What are they drinking now?"

It takes a man almost as recently not to be allowed to break his promise, engagements and wedding vows as it makes a small boy not to be allowed to break his own toys.

Tricky how two people on the higher intellectual plane always seem to meet on the low plane of a dinner in a dim corner of the conservatory, just like anybody else.

A girl's mind is so complicated and impractical that she can prove to a man that she feels nothing but platonic friendship for him, at the same time that she is thinking how she would be to run her fingers through his hair, and what a kissable mouth he has.

A spinster can keep cheerful for years, on a memory of the man she might have married and just missed, and a bachelor can keep optimistic forever on the memory of the woman he might have married and just missed.

"Personality" is the color of the soul, and people who are famed for "personality" are those whose souls are such a beautiful color that they are not afraid to SHOW themselves, right, 1926, by the Wheeler Syndicate, Inc.

SIX CHANGED WITH GAMBLING. Six men were arrested Saturday night by detectives in a room over a cigar stand at Stanton and San Antonio streets, and charged with gambling. The men were placed under bonds of \$100 each for appearance this afternoon in police court.

# Help That Aching Back!

Is your back giving out? Are you tortured with a dull, nagging backache and sudden, stabbing pains? Does the least exertion leave you tired, miserable, "all played out?" Do you feel you just can't keep going on? You owe it to yourself then, to find out what is wrong and lose no time in correcting it. Likely it's your kidneys. Overwork, colds, chills, insufficient rest and worry of present-day living, tend to weaken and slow up the kidneys. Backache, with that tired, "all worn-out" feeling, is the first warning. Headaches and dizziness may come, too, and perhaps some annoying kidney irregularity. Get back your health before the trouble becomes serious! Help the overworked kidneys with Doan's Kidney Pills and assist the medicine by careful living. Doan's have brought health to thousands. They should help you. Ask your neighbor!

## These Are El Paso Cases:

MYRTLE AVENUE	MAGOFFIN AVENUE	EAST SAN ANTONIO STREET
Mrs. J. W. White, 601 Myrtle Ave., says: "A good many years ago I was troubled with severe pains across the small of my back. Whenever I stooped over I had to put my hands on my hips in order to raise up. These pains were so bad that I could not do my work. I was very nervous and I began to worry. I had a box of Doan's Kidney Pills and I took them and I feel that they did me a wonderful lot of good. I always have a box of this medicine on hand in case of emergency."	J. W. Enley, 511 Magoffin Avenue, says: "I suffered from a dull aching through my kidneys. At times when I bent over, I had trouble in straightening up. I also had severe headaches and my kidneys didn't act right, especially at night. I can say with pleasure that one box of Doan's Kidney Pills relieved me of all the trouble. I always have a box of this medicine on hand."	Mrs. D. A. Perkins, 1217 E. San Antonio St., says: "Quite a while ago I was troubled with a weak bladder and was annoyed by the irregular action of my kidneys. This complaint caused me to have pains in the small of my back and also a drawing, aching feeling. I had no desire to do my housework, and did nothing but sit around all the time. A friend told me about Doan's Kidney Pills, so I purchased a box. Doan's did me a lot of good. They regulated my kidneys and strengthened my back. I have had no return of the trouble since."
NORTH STANTON STREET	TULAROSA STREET	
John Carpenter, retired miner, 501 N. Stanton St., says: "I was subject to pains in my back, especially noticeable when I would get up from a sitting position or make a sudden move. The kidney secretions were excessive at times and scanty at others. They contained brick-dust-like sediment, and particularly during cold weather, were too frequent in action. Doan's Kidney Pills relieved me, entirely and I have always kept them on hand ever since. At times, when I have taken cold, I have noticed my kidneys being weak. Doan's Kidney Pills are always sufficient in making me feel right again."	C. C. Ward, 2104 Tularosa St., says: "About two years ago I was troubled with severe pains across the small of my back. Sometimes when I moved around it felt as if a red hot iron were being pressed against my back. I was so sore and lame I could hardly touch my back and frequent headaches made me nervous. I would also get dizzy and objects seemed to float before my eyes. The secretions from my kidneys passed irregularly. I used the right remedy when I took Doan's Kidney Pills. For two hours took away the pains and regulated my kidneys."
